

FOR IMMEDIATE RELEASE

InfoZen Wins Four Renowned Industry Awards, Nominated for Fifth

Company Awarded For Tremendous Growth Across All Industries

Rockville, MD – October 15, 2007 – InfoZen, Inc., a leading provider of consulting, engineering and risk assessment/management solutions, today announced the company has recently qualified for five distinguished awards - The Deloitte Technology FAST 50 in Maryland and Virginia for 2007; The *Washington Technology* Fast 50 Companies in Federal Contracting; The Inc. 5000 Fastest Growing Companies Across America; *Government Computer News* 2007 Industry Honoree 2007 Awards; and nomination for the 2007 Fairfax County Chamber of Commerce Government Contractor (GOV CON) Award.

As a recipient of these esteemed honors, InfoZen has been recognized by the various sponsoring organizations particularly for its growth over the past few years. InfoZen was selected based upon the following criteria:

- Deloitte's 2007 Technology Fast 50 - spotlights the 50 fastest growing technology, media, telecommunications and life sciences companies in Maryland and Virginia, based on percentage revenue growth over five years;
- The 2007 *Washington Technology* Fast 50 - recognizes the government contracting community's fastest growing small businesses as determined by their compound annual growth rate over a five-year period;
- Inc 5000 - honored InfoZen with a national ranking of 1,211 of 5,000, commending the company for its 297.6 percent revenue growth during the past four years and across all industries in the U.S.A;
- *Government Computer News (GCN)* 2007 Industry Honorees – honored InfoZen as one of the top 50 national companies who have an established presence in the Washington area and do business with the Federal Government;
- Most recently, InfoZen has been nominated as a finalist for the Fairfax County Chamber of Commerce Government Contractor (GOV CON) award, which is presented to innovative businesses known to be pillars of the Federal Government in the greater Washington Metropolitan area.

“We are extremely honored to be recognized for these industry awards, as this recognition not only acknowledges the hard work and growth achieved but also strengthens the momentum of our team to continue to strive,” said Raj Ananthanpillai, CEO, InfoZen. “With InfoZen’s commitment to its core values of customer commitment; employee excellence; empowerment; collaboration; and agility, our rate of contract wins has been exceptional and we have recently strengthened our success with several new long-term contract wins. Our mission as a team of dedicated professionals is to further enhance our commitment in meeting our customers’ needs, and making InfoZen an employer of choice.”

About InfoZen Inc.

Founded in 1995, InfoZen (www.infozen.com) is a leading provider of transformational and strategic services and management, consulting and engineering services to government agencies, corporations and associations. Among its services, the company provides strategic planning, architecture design, management and support of mission critical IT systems, and risk assessment/management solutions. InfoZen’s major government customers now include the Department of Homeland Security, Nuclear Regulatory Commission, Department of Agriculture, General Services Administration, Department of Health and Human Services, Department of Housing and Urban Development and U.S. House of Representatives. InfoZen has been involved in all facets of the build out of FirstGov.gov, the U.S. government’s official portal. The company is a recognized leader in risk-screening and credentialing solutions; it delivers eBusiness and infrastructure solutions for portal and content management; and it helps federal agencies design enterprise architectures and win budget support for new IT projects. InfoZen is headquartered in Rockville, Md.
